

## College of Arts Scholarship Competition 2018

### Guidance Notes for Applicants

**NOTE: We receive many more applications than we have funding available so the process is competitive.**

It is the applicant's responsibility to complete fully the application form and ensure it is returned **electronically with all attachments in a single email** to the relevant School contact (see below) by the deadline of **Friday, 15 December 2017**.

#### Applicants should note:

- Incomplete applications will not be considered. It is imperative, therefore, that all attachments are submitted with the application. Where referees wish to send references themselves, these **MUST** be received by the deadline.
- Applications received after the deadline will not be considered.
- Research proposals should adhere to prescribed word limits.
- Applicants making multiple admissions applications and who wish to be considered for a Scholarship in more than one discipline must submit a separate Scholarship application to each discipline.
- All electronic documents **must** be submitted using a **standard naming convention** as outlined at the end of this document.

#### Attachments required:

- 2 academic references. Continuing PhD students should obtain up-to-date references from their supervisor(s).

#### Eligibility:

- Home/UK/EU and international applicants. In the case of international applicants, any award may be limited to tuition fees only.
- Only **new** PhD students may apply (i.e. those commencing PhD study in October 2018).
- Both full-time and part-time applicants may apply.
- In order to be **nominated** for a Scholarship, applicants must hold an unconditional or conditional offer of a place on a College of Arts PhD degree programme. Scholarship applicants do **not** need to hold the admissions offer prior to the Scholarship application deadline of Friday, 15 December 2017. These will be issued by the Admissions team during January 2018.
- Scholarships are **not** available to students at the "writing up" or "thesis pending" stage.
- Applicants must not be holding another full Scholarship for the 2018-19 academic session. Applicants holding a part scholarship (e.g. fees only or stipend only) may still be considered.

**Applicants should note that the Scholarship Committee will consider the following criteria when assessing applications:**

- The project proposal (in terms of originality, rigour, significance and feasibility).
- Previous qualifications and/or professional experience (including prizes and distinctions) and preparedness in terms of the project.
- The project's fit in terms of supervisory expertise, resources and environment.
- References.

## **Applications for College Scholarships**

In session 2018-19 there will be a number of Scholarships offering an annual stipend plus tuition fees at the Home/EU rate, with the exception that any awards to international applicants are likely to be limited to the international fee only.

### **College awards may be applied for in all Schools/Subject Areas:**
